The above named client intends to use part of the proceeds of a loan from, or Grant administered by, the European Bank for Reconstruction and Development ('the Bank') for the above named project. Additional financing details are as follows:

15.340.000,00 EUR including VAT

Contracts to be financed with the proceeds of a loan from/ grant administered by the Bank and will be open to firms from any country.

The client now invites tenders for the above mentioned contract(s). Additional description is as follows:

The task of this Tender is the implementation of a new tolling system on Corridor VIII+.

Corridor VIII+ is defined as the Corridor VIII, according to the definition of the pan European corridors, as well as the highway section Miladinovci-Stip (A3e) and the highway section (A2/ E65) Kicevo- Ohrid. On Corridor VIII+ five already Existing Toll Stations (Miladinovci, Glumovo, Zjelino, Tetovo and Gostivar) are located and three New Toll Stations (Kadrifakovo, Preod and Arbinovo) are going to be constructed. The Existing Toll Stations were upgraded some years ago, and now they have to be equipped with state-of-the-art-tolling-technology to make sure that the tolling systems on Corridor X and Corridor VIII+ are interoperable.

The contract is expected to start on 01/10/2019 and last about 12 months + 18 months DLP.

This tender will be conducted by e-procurement using the EBRD Client E-Procurement Portal (ECEPP). Prospective participants who have registered in ECEPP and expressed an interest in the contract may access the documents and may request clarification and further information from the client through ECEPP. Non-registered firms should register on ECEPP at this link:
